## **A VISION ON GENDER BASED VIOLENCE**

Today Christians rise to take action

No longer will we remain silent

No longer will we turn a blind eye

No longer will we justify gender based violence with our thoughts or scripture

No longer will we think it's none of our business

Today, we as a global church and as Christians, make a stand and say this is our business this our church

All gender based violence is wrong and must stop

Will you join on this journey together! Ubuntu
